

Environmental Educators of North Carolina Awards Program

The EENC Awards Program recognizes individuals or organizations that have demonstrated the principles of environmental education and raised the quality of environmental literacy in North Carolina.

Everyone is eligible for the following awards:

Environmental Educator of the Year recognizes an educator who stands out among environmental educators as a professional who exemplifies excellence in environmental education and lends credibility to the field. Through valuable contributions and professionalism, the environmental educator is regarded as an ideal example that other EE practitioners should strive to emulate.
